

Digitise your business with LEAP

You have a process improvement strategy – now it's time to deliver! Zero-code LEAP from Flovate Workflow Technologies is a digitisation platform designed to turn your great ideas into apps – fast.

“We created LEAP because our core belief is that IT should be the hero. We believe passionately in the power of innovation and empowering operational and IT leaders to rapidly turn ideas into applications that can evolve as their business does.”

Sean Brownell, Flovate

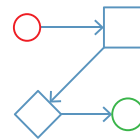

WHY CHOOSE LEAP FOR BUSINESS TRANSFORMATION?

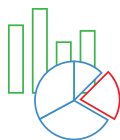

- 1. Cost effective:** zero-code platform allows change managers to build and evolve applications without getting IT involved, cutting development costs by up to 10x.

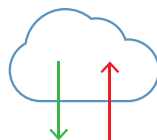

- 2. Deliver results faster:** vast component toolkit means we can create your solution rapidly and provide fast turnaround on changes, increasing agility and satisfaction.

- 3. Enterprise level functionality:** LEAP offers integrated EDM, advanced workflow, dashboard reports, automation, mobile & web UI, document scanning and more.

- 4. Next-gen reporting & analytics:** view your data the way you like it with the LEAP Dashboard Design Studio. Need a new report? Simply drag and drop.

- 5. Connected, cloud and mobile:** integrate with everything from finance data to social platforms and track process performance anytime, anywhere.

- 6. Supports continuous improvement:** need to create and edit a workflow? Add users? Edit documentation? Do it all with LEAP – no code required.

“LEAP is designed specifically for business users. If you can create a rule in Outlook, or use formulas in Excel, then you will have no problems creating and evolving the LEAP Business Process Management platform.”

LEAP FOR YOUR DIGITAL TRANSFORMATION

From case management and compliance to self-service platforms: you tell us what you want to achieve and we will create your perfect custom solution.

Here's just a few projects that have benefited from LEAP:

- Customer and employee self-service platforms
- Industry end-to-end digitisation projects
- Management information scoping (e.g. MAR, MiFID II)
- Compliance monitoring programmes
- Risk management
- Onboarding new or changed managed services
- Feedback mechanisms and service level improvements

JUST A FEW OF OUR CUSTOMERS...

howden

LEAP is a 'blank canvas' software solution and therefore lends itself to diverse business transformation projects. Here's just a few of the organisations that we work with.

Success stories: flovate.com/case-studies

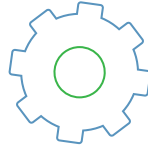

OUR APPROACH

Combining nearly two decades' implementation experience with cutting-edge digital tech, we turn your great ideas into working apps, fast. Here's how...

Analyse

Request your free business analysis and we will work closely with you to create a proof of concept (PoC). This takes under two weeks.

Configure

Our in-house business analysts set to work to create your solution, using the vast array of components in the LEAP toolkit.

Test

Our QA team perfect your solution, checking it rigorously for quality and taking on board any changes to the spec.

Deliver

We implement your solution, including any integration points and offer tailored training to get your users up to speed fast.

Support

Experienced UK based staff are here to support you both in your daily work and to give you confidence in evolving LEAP yourself.

Ready for digital transformation?

Bring your innovations to life – today.

To find out more about how LEAP can empower your next digital transformation project, simply request a call-back or demo via our website.
